FIBRAIN®

VISIT OUR FACTORY

Optické kabely *how it is made?*

FIBRAIN – POLISH MANUFACTURER
OF FTTH SOLUTIONS – WOULD LIKE TO
INVITE YOU TO SHOW YOU OUR COMPANY'S
COMMITMENT TO EXCELLENCE.

You will have full access to all of our fiber optic cables production processes. We will show you first in Poland fiber pulling tower, the most modern fibre optic cable factory, one of the largest Connectivity production with clean room where PLC splitters are produced and much more.

For sure you will leave here feeling completely assured that Fibrain products are being made using the latest technology and with the strictest quality standards.
